

Elevate International Healthcare Top-up Plans

Extra protection for EU/EEA workers

Harmonise healthcare access for all your employees across the EU/EEA* with international healthcare top-up plans. Now you can give your employees the freedom to choose where they receive treatment within Europe so that they get equal access to elevated standards of care.

The Elevate Plans supplement local statutory healthcare within Europe, covering employees' out-of-pocket expenses. It offers a singular employee experience in a borderless Europe, and focus on wellness as a strategy for building your dynamic, international workforce. More than insurance, it's a commitment to your team's health and wellbeing.

Bridging health inequalities across the EU/EEA

Simple

- Cover all EU employees with 1 or 2 contract(s) *
- Digital first
- 1st euro cover

Singular employee experience

- Multi-country solution
- EEA wide
- Area of cover = Europe
- Multi-language as standard

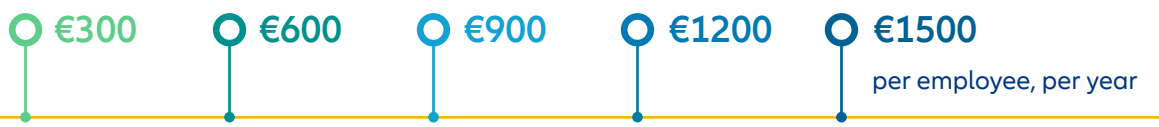

Easy on-boarding

- Medical history disregarded
- No waiting period
- Premium remain the same irrespective of employee's age and country of residence

Flexible plans to suit all budgets

You can select the plan that best suits your needs and budget and adjust it as your business evolves, while also making budgeting more predictable. Five budget plans to choose from:

*A group contract with APKV must be concluded for employees in Germany. Not applicable for residents in Ireland or Switzerland.

What's covered?

 Optical benefits

 Dental treatment

 Complementary treatment

 Prescribed drugs and dressings

 Physiotherapy

 Prescribed medical aid

Why now?

The boundaries between local and global workforces are blurring as businesses tap into global talent markets, confident in digital tools and flexible business models for cross-border collaboration.

Elevate offers consistent and competitive international healthcare top-up cover that aligns with modern corporate values. We're responding to a customer demand for flexible insurance as a strategic aid for building a modern, hybrid and international workforce, thereby supporting a unified employee benefit strategy to attract and retain the best staff.

Implementation

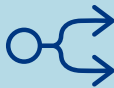

This solution is quick and easy to implement. There is no underwriting, you will pay the same fair premiums, regardless of members age or location. We manage setup and provide integrated digital services to make scheme administration effortless for you, while also providing your staff with digital access to their cover.

Boost your talent strategy and support your staff

Some of the advantages of Elevate include:

Price control and competitiveness, with a choice of coverage to control your spend and budget.

Flexibility and end-to-end support for choosing, implementing and managing your scheme.

Consistency, with the same pricing and benefits across locations.

The power to deliver on social responsibility, with an impactful, employee-focused approach to health insurance.
